Aklan Quest

What is in the game so far, and how to show it

> **In one sentence:** a story game where you visit family in Aklan and learn the Akeanon language by talking to people and playing word games.

Get ready before you present

> **Turn on the Dev menu**
>
> 1. Open the Book with the menu button at the top right.
> 2. Go to **Settings** and switch on **Dev: Chapter/Scene Skip Menu**.
> 3. A new **Dev** tab appears in the Book. It jumps to rooms, chapters, times and dates.

> **To show the tutorials, keep Dev mode off.** Tutorials do not appear while it is on, so start a new game with it off if you want to show them.

A 10-minute demo, in order

Minutes	Show this	Where to read about it
0 to 1	Main menu, then Settings and UI Scale	UI Scale
1 to 5	The first trip with Rose: roam, meet Pedring, see the market	First trip
5 to 6	Top of the screen: tier bar, clock, quests, new word pop-ups	Tier bar, Learning words
6 to 8	Talk to the family, then Review and the newspaper puzzle	Daily talk, Word games
8 to 9	Sunday mass, using Dev to change the date	Sunday mass
9 to 10	Rose's trip to Bakhawan, or just the Dev warp to the map	Bakhawan

The story trip

First trip with Rose (Chapter 2)

Rose takes you to the park, the market and the cathedral. At each stop you are free to walk around. Talk to Rose when you are ready to continue.

HOW TO SHOW IT

1. Dev tab: choose **Ch2 S1 — Walk to the park**.
2. Walk around after the short talk.
3. Try to leave the park: Rose says "Not yet."
4. Talk to Rose to continue.

Anong Pedring

A new character with his own art. He walks over to meet you in the park and works at the market.

HOW TO SHOW IT

1. In the park stop, talk to Rose and watch him walk in.
2. At the market, find him behind the counter near Rose.

Market vendors

Vendors stand behind the counters and stalls, so the market looks busy.

HOW TO SHOW IT

1. Dev tab: warp to **Ch2 — Market - Indoors**.
2. Walk down the middle aisle.

Park crowd

People appear out of view, then walk between random spots. They stop if you stand in their way, and each visit is different.

HOW TO SHOW IT

1. Dev tab: warp to **Ch2 — Pastrana Park**.
2. Walk around and point out people passing by.

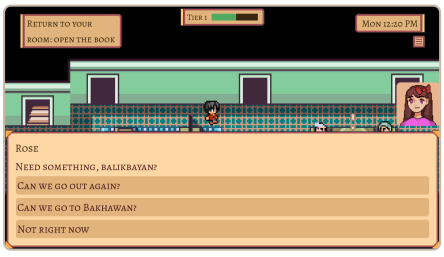

Sunday mass

On Sunday mornings the family invites you. Everyone stands behind a pew, the screen fades, and an hour passes.

HOW TO SHOW IT

1. Be in the living room after the first trip, on a Sunday before noon.
2. Dev tab: use **Date — Next day** to reach Sunday and **Time — Morning**.
3. Accept the invite and watch the clock jump.

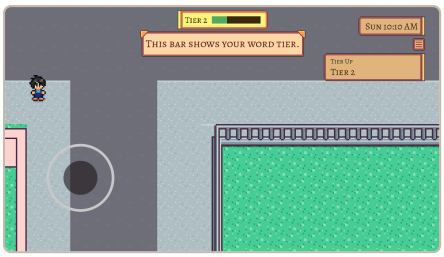

Trip to Bakhawan

After the first trip, Rose offers a new choice. She walks you all the way there and back.

HOW TO SHOW IT

1. Finish the first trip.
2. Talk to Rose at home between 6 AM and 6 PM.
3. Choose **Can we go to Bakhawan?**

Learning the language

Tier bar (new)

The bar at the top middle shows your word level. It fills as you get words right. A higher tier makes word games a little harder.

HOW TO SHOW IT

1. Point at the bar at the top of the screen.
2. Play Review and answer correctly: the bar grows.

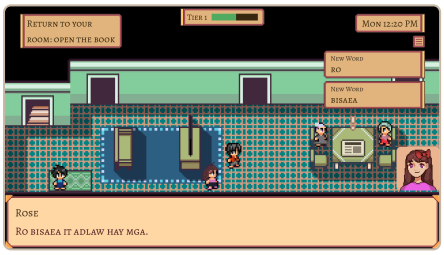

Learning words and the Dictionary

Each new Akeanon word shows a "New Word" pop-up and is saved in your Dictionary with its meaning.

HOW TO SHOW IT

1. Tap a New Word pop-up to jump to that word.
2. Or open the Book and tap the **Dictionary** tab.

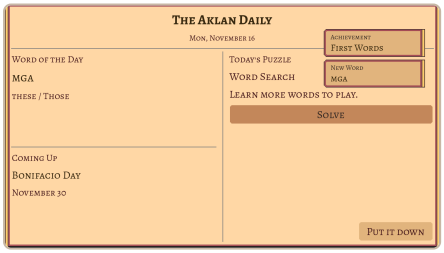

Daily talk and word of the day

Each time you talk to someone, they say the next thing: a greeting, a puzzle reminder, the word of the day, then an offer to teach one extra word. The first word of the day is explained word by word.

HOW TO SHOW IT

1. Talk to Lola Susan or Papa Jobert, and choose **Talk**.
2. Do it again a few times to see each step.
3. Say yes to learn a word, then talk again: "a new word tomorrow."

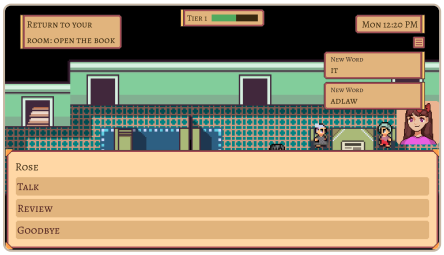

Newspaper and daily puzzle

The paper on the living room table has the word of the day, the next event, and one crossword or word search each day.

HOW TO SHOW IT

1. Dev tab: warp to **Ch2 — Aklan - Living Room**.
2. Walk to the table and interact with the paper. The puzzle needs a few learned words first.

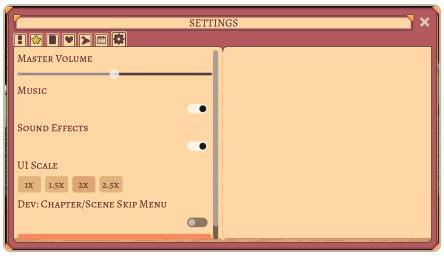

Word games (Review)

Most people offer Review, which starts a quick game: quiz, hangman or memory match. Chapter 1 also has phrase building and quizzes in the story.

HOW TO SHOW IT

1. Talk to Lola Susan or Papa Jobert and choose **Review**.
2. Repeat to get a different game.

The rest of the game

UI Scale (new)

Makes menus and text smaller or bigger. The game world stays the same size. **2x is the normal size.**

HOW TO SHOW IT

1. Book, then **Settings**, then tap **1x, 1.5x, 2x or 2.5x**.
2. Close and reopen the game: the setting stays.

Portraits and characters

Characters show their portrait when they speak. Family members follow a daily schedule around the house.

HOW TO SHOW IT

1. Start any conversation.
2. Dev tab: change the time, then watch people move to new spots.

Day, night, calendar and sleep

A clock runs at the top right and the world changes color from day to night. The Calendar lists events. Sleeping in a bed starts a new day.

HOW TO SHOW IT

1. Dev tab: try **Time — Night**, then **Time — Morning**.
2. Open the **Calendar** tab in the Book.
3. Interact with your bed.

The Book

One place for quests, achievements, relationships, the dictionary, the map, the calendar and settings.

HOW TO SHOW IT

1. Tap the menu button at the top right.
2. Tap through the tabs along the top.

Tutorials (updated)

Short tips, one line each, appear the first time you meet a feature. New tips cover the tier bar, UI Scale, roaming, daily talk, the newspaper, sleep and Bakhawan.

HOW TO SHOW IT

1. Start a new game with Dev mode off.
2. Follow the tip at the top of the screen.

Saving

The game saves by itself. **Continue** on the main menu brings you back.

HOW TO SHOW IT

1. Return to the menu from Settings.
2. Press **Continue**.

Not ready yet: avoid these in a demo

1. **Chapter 2 has no ending yet.** After the trip, you stay at home, and nothing leads to Chapter 3.
2. **Chapters 3 to 6 are not playable.** Their dialogue is written, but you cannot reach them yet.
3. **Chapter 2 has no word games in its story yet.** Show word games with Review and the newspaper instead.
4. **Bakhawan is only a map to walk around**, and the door to the building does nothing.
5. **Vendors and the park crowd cannot be talked to** and stay out at night.
